- (b) An MNA must pay all fees, levies, and penalties set out in 2.5 incurred by it in the season.

### 2.1.5 Rules for the continuing registration of an MNA/AMNA/MNA-P

  - (i) The completion of this form is mandatory for all MNAs in the terms referred in 2.1.4.
  - (ii) The form must be completed with as much detailed information as possible. Some of this information will be published on the FISTF website under the Nations pages. It is requested that email addresses of all officeholders of the MNA be kept up to date. This is to ensure communication with MNAs is accurate. Additional information of each MNA is appreciated: website, Facebook page, Instagram, and Twitter handles.
  - (iii) As well as completing the Google Sheet **Form 01**, the MNA must send all the following documents to FISTF:

- (iii) In this way, new players/clubs registered during the season can participate in FISTF tournaments as soon as the **Form 20** has been updated to include them. The FISTF Database is updated each month, at the same time as the World Ranking is published, so tournament organisers can determine if a player is licensed by checking the database at <https://fistf.com/data-centre/players-clubs/>
- (c) While the **Form 20** should be kept up to date on a regular basis, MNAs will be formally requested to update their **Form 20** prior to the start of each season. If an MNA does not update its **Form 20** as required at the start of the season, players and clubs, if listed on the **Form 20** from the prior season, may (unless otherwise suspended - see point (d)(v) below) still participate in FISTF events but will not be credited points in the World Ranking (WR) and will be removed from the WR until the **Form 20** has been updated by their MNA. In addition, as outlined above under 2.1.2(w)(ii), (v) and (viii), the MNA/AMNA/MNA-P will be temporarily suspended until the **Form 20** (and any other membership requirements that have not been fulfilled) has been updated. Licensed Clubs
  - (i) As noted above, the **Form 20** must include all clubs licensed by the MNA. Clubs not included in the list will not have a FISTF license and cannot participate in FISTF Tour events. Clubs which are licensed by their MNA, but whose MNA does not maintain **Form 20** as required, may (unless otherwise suspended) still participate in FISTF events but will not be credited points in the World Ranking (WR) and will be removed from the WR until the MNA has updated the **Form 20**].
  - (ii) Every club shall have a unique FISTF license code and maintain the same code from the previous season. This code never changes and cannot be used by other clubs in the future.
  - (iii) The 3 letters of the MNA code, followed by the letter “C” and 3 sequential digits from 000 to 999, compose the structure of the Club license code. For example, valid club license codes for Austria are AUTC001, AUTC002, ..., AUTC999. In the instance of a new club, the code and abbreviation of the club will be assigned by the FISTF Database Manager.
  - (iv) For each club, it is mandatory to indicate: Full Club Name, Contact Person, Contact Email, Address, and City. Also appreciated are the website, Facebook page, and Instagram and Twitter handles and the club logo.
  - (v) A club may enter two or more club teams in FISTF events, such as B-Teams.
- (d) Licensed Players
  - (i) **Google Sheet Form 20** must include all players licensed by the MNA. Players not included in the list will not have a FISTF license code and cannot participate in FISTF events. Where a player without a license registers/attempts to register for a tournament, the tournament organiser shall inform the player that they cannot play without a license and that the player must obtain a license from their MNA in order to participate in the event.
  - (ii) Every player shall have a unique FISTF license code and maintain the same code from the previous season. This code never changes and cannot be used by another player in the future.
  - (iii) The structure of the Player license code is composed of the 3 letters of the MNA code, followed by 4 sequential digits from 0000 to 9999. For example, valid player license codes for Austria are AUT0001, AUT0002, etc.

- (iv) The inclusion of a date of birth is mandatory for a player to be issued a FISTF license.
- (v) A player who is under sanction, either from the FISTF Disciplinary Council (DC) or their own MNA - where the sanction includes the withdrawal or suspension of the player's FISTF licence - cannot participate in any FISTF events (either domestically or internationally) and so cannot receive WR points.
- (vi) A player who is inactive i.e. has not participated at individual or team competitions for a minimum of three consecutive season, should be marked as inactive on the **Form 20**. Such a player should also be marked as a "free agent".
- (vii) An inactive free agent player can join a club at any time.
- (e) Foreign players registered with a National Club
  - (i) An MNA has no authority to grant a FISTF license to a foreign player.
- (f) Administrative Sanctions for MNAs
  - (i) The sanctions for MNAs which fail to comply with these rules of registration, including updating the **Form 01** and **Form 20**, are set out at 2.1.2 above.
- (g) Administrative Sanctions for Players/Clubs where an MNA does not update its **Form 20**
  - (i) If an MNA does not update its **Form 20** registration as required at the start of the season, licensed players and clubs from that MNA may still participate in competitions (unless they are under sanction). However, until the **Form 20** is up to date, there will be no World Ranking points awarded to these players and clubs for any competitions. These points will be restored as soon as the data is updated by the MNAs.

## 2.2 FISTF Licensed Clubs

### 2.2.1 Definition of FISTF Licensed Club

- (a) A FISTF Licensed Club is a club officially recognised by its MNA, after which it can be included on the list of the MNA's licensed clubs (Google Sheet **Form 20**), or, in the case of there being no MNA in its country, a License awarded directly by FISTF.
- (b) A FISTF License is valid for one sports season only and must be renewed each season.
- (c) A club that is inactive, i.e. has not participated in competitions for a minimum of three consecutive seasons, should be marked as inactive.

### 2.2.2 Definition of the Nationality of Clubs

- (a) The MNA of the country where a club is headquartered, providing this MNA is a member of FISTF, shall solely grant the license to the club.
- (b) An MNA shall not unreasonably deny a license to a club headquartered within the country it is representing.

A club headquartered in a country where no sports table football MNA exists, or where the MNA is not a member of FISTF, shall be granted a license directly by FISTF.

### 2.2.3 Rights of FISTF Licensed Clubs

- (a) All clubs that are registered with an MNA may take part in all tournaments listed in the FISTF calendar (unless the club is under suspension) and will be included in the world ranking table (but see 2.1.5(c)(i) above).

### 2.2.4 Duties of FISTF Licensed Clubs

- (a) Only FISTF licensed clubs can get points for the FISTF World Ranking.
- (b) To get points for the FISTF World Ranking, the Club must request a FISTF License from its MNA annually.

### 2.2.5 Rules for the Licensing of a Club

- (a) To have a FISTF license, a new club shall request its affiliation with the MNA existing in its country. This should be done by the President and Secretary of the new club completing the **Form 10** and submitting it to their MNA. Once approved by the MNA, the Form 10 must be submitted to FISTF.
- (b) Changes of club name should be requested by the club President and Secretary completing the **Form 11** and submitting to their MNA. Once approved by the MNA, the Form 11 be submitted to FISTF.
- (c) Where two previously separate clubs decide to become one club, they must firstly decide whether they are going to: (a) use the name of one of the two existing clubs, or (b) choose a new name for the combined new club. In either case, the combined/new club uses the ranking points from whichever club is ranked higher.
  - (i) If option (a) is chosen, players from the club which is ceasing to operate transfer individually to the other club using the Form 06. Per 2.3.7 of the Handbook, this must occur during the transfer period (1 July to 31 August).
  - (ii) If option (b) is chosen, in order to minimise the number of transfers/streamline the process as much as possible, the club with the most players completes Form 11 (change of club name), so that their players do not have to transfer individually using Form 06. Players from the smaller club must transfer individually to the renamed club using the Form 06 during the transfer period.
  - (iii) Under either option, the MNA of the clubs/players concerned must update their **Form 20** accordingly.
- (d) If there is no MNA in its country, the club shall request a FISTF license directly from FISTF. The creation of new clubs, changes to details of existing clubs, mergers of clubs or cessation of a club must also be noted by an MNA in its **Form 20**.

### 2.2.6 Administrative Sanctions for Clubs

- (a) As set out at 2.1.5(c) above, a club without a valid FISTF license may not take part in FISTF events. Clubs which are licensed by their MNA, but whose MNA does not maintain **Form 20** as required, may participate in FISTF events but will not get points in the World Ranking until the MNA has updated the **Form 20**.
- (b) A club that is not licensed, or that has decided not to apply for/renew a licence, may not take part in events as in (a) above. However, players previously listed as members of that club and who are licensed (as an individual player), but whose club is not, may participate in events but will appear as 'free agent' in the world ranking (see 2.3.6 below).

## 2.3 FISTF Licensed Players

### 2.3.1 Players' Nationality

- (a) Players are entitled to register with the MNA of the country:
  - (i) in which the player was born,
  - (ii) of which the player is a legal citizen, or
  - (iii) in which the player currently is a permanent resident and has been a permanent resident for a period of at least three (3) continuous years up to and including the date of application for transfer; and
  - (iv) if they comply with the statutes/constitution/regulations of the relevant MNA.
- (b) Players who are citizens shall provide official documentation such as a passport, while those who are not citizens need to provide relevant documents to prove their permanent residency for the required period of three (3) continuous years as per (a) (iii).
- (c) FISTF reserves the right to request copies of these documents with the submission of the MNA's **Form 20**.
- (d) For all UK players (having the same British citizenship), the requirement for membership shall be the country of birth or the place of residency upon applying for registration for the first time with FISTF.
- (e) For the purposes of players in the UK, 'country' refers to England, Scotland, Wales and Northern Ireland.
- (f) Example: A player who was born in Scotland, but has lived continuously in England for three years, and who chooses to become a registered player, can decide to register with either the SSTFA or the ESA.
- (g) Players who are currently registered with an MNA cannot transfer nationality unless they meet the requirements of section 2.3.2. Players can only be registered with one MNA/MNA-P.
- (h) Any dispute or appeal related to the licensing or nationality of players shall be referred in writing within thirty (30) days to the FISTF General Secretary.
- (i) Notwithstanding the identity of the MNA with which the player registers, the player shall have the right to be a member of any club of their choice, whether or not that club is operating within the country where the player resides, subject to the rules and regulations established by FISTF for membership and transfers to and from clubs.
- (j) Example: Player C has Belgian citizenship and is licensed by the Belgian MNA (FBFTS). Player C may also be a member of the Washington, D.C., Table Football Club.
- (k) Notwithstanding the club of which the player is a member, the player shall have all the rights and obligations of the other players being granted a license by the same MNA.
- (l) By being granted a license by an MNA, the player becomes eligible to represent this MNA in individual and team international competitions, including but not limited to the World Cup, subject to the agreement of the MNA and to the rules of the competition.

- (m) Example: Player C has Belgian citizenship, is licensed by the Belgian MNA (FBFTS), but is a member of the Washington D.C. Table Football Club. Player C may be selected by FBFTS to represent Belgium in the World Cup (both for the individual and team competition).
- (n) An MNA may impose additional regulations on any player joining their association, such as requirements for financial registration, code of conduct etc.

### 2.3.2 Change of Nationality

- (a) A player may request to change their FISTF-recognised nationality under the following conditions:
  - (i) The player can prove, by providing official papers, that they have the legal citizenship of the country represented by the MNA of which they are applying to become a member;
  - or
  - (ii) The player can prove, by providing official documentation, that they are currently a long-time resident (at least 3 continuous years) of the country represented by the MNA of which they are applying to become a member;and, in addition to fulfilling either (a)(i) or (a)(ii) above;
- (iii) The player has not previously changed their FISTF nationality.
- (iv) For the purposes of players with British Citizenship, 'country' refers to England, Scotland, Wales, and Northern Ireland. Transfers to another MNA within the UK can only be approved if players currently reside and have resided in one of these 'countries' for at least three years. Citizenship is not a determining transfer factor for players in the UK as they all have the same citizenship (British).
- (v) Players wishing to transfer nationality must submit **Form 02**, available on the FISTF website. Players must also alert their current MNA of their desire to change MNA, and the current MNA must sign the **Form 02** before it is submitted.
- (vi) Any change of nationality becomes effective in the next season.

### 2.3.3 Players without MNA

- (a) A player having their nationality in a country where no sports table football MNA exists, or where the MNA is not a member of FISTF, shall be granted a license directly by FISTF.
- (b) Example: Player B has a Kenyan citizenship, where no MNA exists. FISTF will grant the player a license on request.
- (c) If a FISTF-registered player (player without FISTF nationality) transfers to a club, then this player acquires the club's MNA nationality and becomes a citizen of this MNA for FISTF purposes.

### 2.3.4 Rights of FISTF Licensed Players

- (a) All players who are licensed to play sports table football by an MNA/AMNA/MNA-P may take part in all tournaments listed in the FISTF calendar, unless they are under sanction, and will be included in the world-ranking table if their MNA's **Form 20** is up to date (see 2.1.5(b) above).

### 2.3.5 Rules for the Registration of Players

- (a) Other than for disciplinary reasons (which may involve suspension/temporary withdrawal of a license), non-payment of any fee imposed for registration, or failure to meet other domestic registration requirements, an MNA shall not deny a license to a player who is entitled to register with that MNA. In case of conflict, a player may ask FISTF to examine the problem, and to decide whether or not to require the MNA to register the player.
- (b) Players who take part in FISTF events must provide their nationality, gender, club, and birth date to their MNA to be passed on to FISTF. **All data is mandatory.**
- (c) If a player has not provided their birth date, the player cannot attend any FISTF tournament.
- (d) It is the responsibility of the MNAs to make sure all players have provided the requested data and validate them.
- (e) Only the FISTF registration Google Sheet **Form 20** updated by the relevant MNA is valid for this purpose.

### 2.3.6 Rules for Free Agents ("unattached" players)

- (a) A Free Agent is a player who is not registered with any licensed Club. Free Agents may participate in FISTF individual competitions.
- (b) If a player wants to become a free agent (that is, a player in the individual ranking, but not registered with any club), for the following season, the player shall inform FISTF through the relevant MNA, during the Transfer Period. No permission/signature from their existing club shall be needed. **Form 06** must be completed by the player and submitted to their MNA for sending to FISTF to <https://fistf.com/contact/contact-fistf-for-operations-sport-calendar-rankings/>
- (c) A free agent may join any club (existing or new) during the Transfer Period. A player registered as a free agent for longer than 13 months (1 year = 365 days, plus 1 month = 31days), including an inactive player (per 2.1.5(d)(vii) above), may join any FISTF club at any time, not just during the transfer period.
- (d) A new player is automatically registered as a free agent unless they join a club during their registration.
- (e) A non-ranked (a new player who has never played in any individual or team competition) free agent player can join a club at any time during the Sports Season. If they have participated in any FISTF competition, rule 2.3.8 applies.
- (f) A player can change their status to free agent only once during a Sports Season.

### 2.3.7 Rules for the players registered with a club which has ceased activity

- (a) All players registered with a club which has ceased its activity, change their status to "Free Agents" (2.3.6). As noted under 2.3.6(a), these players may play in all FISTF Individual competitions during the season.
- (b) Registering with a new club shall still respect all rules under 2.3.8. Therefore a "Free Agent" cannot transfer during the season to play team competitions.

- (c) A club/team reserves the right to “release” a player from its list of players during the season. In this case, the team is obliged to inform FISTF (through its MNA) accordingly using the Transfer **Form 06**. The “released” player is then automatically registered as a free agent. If the “released” player has already played for the club during the season in an individual or team event, he/she must wait until the next “Transfer Period” to transfer to a new club (per 2.3.8 below).

### 2.3.8 Rules for the Transfer of a Player between two clubs

- (a) Players may transfer between two clubs subject to the following conditions:
- (i) The “Sports Season” for **2025-2026** is the period between **1 September 2025** and **31 August 2026**, both dates inclusive.
  - (ii) “National Transfer” is defined as the transfer of a player between two (2) clubs of the same nationality as the player.
  - (iii) “Transfer Period” is defined as the period between **1 July 2025 and 31 August 2025**, both dates inclusive, for all nations, all regions, using Central European Time as the official date. The official date of the transfer request is the date of email sent to FISTF, not the date of signature. All correspondence must be received BEFORE **31 August 2025** as mentioned above. All transfers properly requested during the transfer period take effect at the beginning of the new sports season (1 September).
  - (iv) All National Transfer requests shall be made using **Form 06** (Downloadable on <https://fistf.com/technical-pages/documents-library/> tab “Forms”). The new club must send **Form 06** to MNA and the MNA must send it to FISTF via the website method to <https://fistf.com/contact/contact-fistf-for-operations-sport-calendar-rankings/> . The MNA must make the changes in their own Google Sheet **Form 20** and must send **Form 07** (All MNA Players Transfer List). This must be done as soon as possible and no later than **31 August 2025**, so that the World Ranking database is up to date with all transfers prior to the start of the season. No permission/signature from their existing club shall be needed.
  - (v) An “International Transfer” is the transfer of a player when the former club or new club has a different nationality to that of the player.
  - (vi) All International Transfer requests shall be made using **Form 06** (Downloadable on <https://fistf.com/technical-pages/documents-library/> tab “Forms”), following the process described in (a)(ix).
  - (vii) A player may only play for one club in FISTF Teams competitions during a sports season.
  - (viii) A player can only make one transfer during a Sports Season, excluding a Loan Transfer.
  - (ix) In the case of an International Transfer, the following procedure must be followed:

As mentioned in **Form 06** (downloadable here: <https://fistf.com/technical-pages/documents-library/> TAB “Forms”):

    - (A) New club must fill in all the boxes containing the necessary information, INCLUDING THE FISTF LICENCE NUMBER.

Everybody can find license numbers here by searching for the player's name: <https://fistf.com/data-centre/players-clubs/>

This form must be signed by the player and by an official of the new club. The signature of the official of the former club is not mandatory, but the official still must be informed by being included in the recipient list of the request email.

- (B) New club submits **Form 06** to the player's MNA and the previous clubs (for his information). MNA contacts can be found in Appendix 2.

The player's MNA checks that all the data has been entered. It's up to the MNA to verify that the new player has never had a license number from the country in which he resides as well as to verify the player's personal information.

- (C) The MNA of the player then submits the form to FISTF on the website contact page: <https://fistf.com/contact/contact-fistf-for-operations-sport-calendar-rankings/>

- (D) The MNA of the player must make the changes in their own Google Sheet **Form 20**

This must be done as soon as possible and no later than **31 August 2025**, so that the World Ranking database is up to date with all transfers prior to the start of the season as well as a summary of these via **Form 07** via the website method to : <https://fistf.com/contact/contact-fistf-for-operations-sport-calendar-rankings/>

- (x) There is no restriction on the number of players that can be transferred within the same MNA.
- (xi) New players can join a club at any time during the season, as defined above.
- (xii) Players may join a newly created club in the period outside of the Transfer Period if they are registered on **Form 20** at the same time as **Form 10** and **Form 20** are submitted by the MNA to FISTF.
- (xiii) Players shall be enrolled anew each season.

### 2.3.9 Special Transfer Periods

- (a) A special transfer period is accepted for players licensed by Member Nations outside Europe, which have a different season period between 1 January and 31 December, and for players from outside Europe who play for a club in a Member Nation which has a different season period between 1 January and 31 December.
- (b) These Member nations shall inform FISTF they have a different season period before the FISTF Season starts.
- (c) This special transfer period is additional to the normal transfer period of 1 July to 31 August and is between **1 January** and **31 January**. No transfers will be allowed other than during these two periods.
- (d) All remaining transfer regulations will apply to the players of these Member Nations. This includes the rule that, regardless of when they transfer, a player may only play for one club during the relevant MNA's domestic season.

### 2.3.10 Foreign Player Rule (FPR)

- (a) Foreign players are players who, at the time of the filing of the transfer request, have a different nationality to that of the club to which they are registered, or to which they request to be transferred.

- (b) A club may enrol as many foreign players as they want in a sports season. In every single tournament they can use as many foreigners as they want. However, on the score sheet of every single game they can include only a maximum of two foreigners. If two foreign players are listed for the game, they can play simultaneously.
- (b) For UK players, the 'nationality' is as described in 2.3.1.
- (c) Players in youth categories who have a different nationality to parents in the same club are also exempt from the FPR.
- (d) Players who are permanent residents of the country in which their club is registered are also exempt. A copy of the Permanent Residency document must be provided to FISTF as proof.
- (e) Players who have resided on a full-time basis, for three years or more, in the country in which their club is registered, are also exempt. However, they must provide applicable legal documentation as proof of this. The Board of FISTF has the right to ask for full and detailed documentation before accepting this exemption.
- (f) A player whose nationality is different to his/her first club is not considered to be a foreign player. This rule applies only for the specific club (that is, the player's first ever club) and is valid only for his/her first spell at the club.

### 2.3.11 Loan transfer

- (a) Any registered player may apply for a loan transfer to another club in a different country in a different Confederation to his/her current domicile (target loan club).
- (b) This "loan transfer" rule is designed for players who intend on spending at least one month in a different country and Confederation to their current domicile, either for travels, work assignment or extended holiday. The loan period cannot exceed three months.
- (c) The target loan club must be registered:
  - (i) in the country where the loan player intends to reside during the loan period, and where the target club is in a different Confederation from their home country, and
  - (ii) in an MNA that is different from the MNA indicated in the loan player's FISTF player license code.
- (d) A player can only ever be given one loan transfer during their playing career.
- (e) They must provide travel documents (transport and accommodation) to prove their domicile during the loan period for at least one month.
- (f) The loan player can only play for one club during the loan period.
- (g) A loan player can be granted the loan transfer outside of the normal transfer period.
- (h) At the end of the loan transfer period, the player reverts to their original club.
- (i) The loan transfer cannot be used as a method to circumvent the normal transfer regulations.
- (j) The application for the loan shall be sent at least two months before the proposed loan transfer to FISTF, signed by the player and the target club (**Form 06**) and submitted via the FISTF website at <https://fistf.com/contact/contact-fistf-for-operations-sport-calendar-rankings/>.

- (k) If there are no outstanding financial penalties on the player, the loan may be approved. The approval is up to the discretion of the Sports Director and/or the Board of Directors.
- (l) The period of the loan covers three months from the date of the first tournament in which the player participates.
- (m) The player may participate in individual and team events for the target loan club and will be designated as being a member of that club. For example, a player from Singapore Lions TFC may apply for a "loan transfer" to Budapest Subbuteo. When the player participates in the event, they will be designated as "Budapest Subbuteo".
- (n) Loan players will be subject to the Foreign Player Rule in 2.3.11 where the player's classification as a foreign player will be considered relative to the target loan club.

### 2.3.12 Administrative Sanctions for Players

- (a) As set out above, a player without a valid FISTF license cannot take part in FISTF events.
- (b) A player who is licensed by their MNA, but whose MNA does not maintain **Form 20** as required, may participate in FISTF Tour events but will not receive WR points or be included in the WR until the MNA has updated the **Form 20** (see 2.1.5(g)(i) above).
- (c) A player who is under sanction, either from the FISTF Disciplinary Council (DC) or their own MNA - where the sanction includes the withdrawal or suspension of the player's FISTF licence - cannot participate in any FISTF events (either domestically or internationally) and so cannot receive WR points (see 2.1.5(d)(v) above).

### 2.3.13 Players with a Disability

FISTF believes table football should be a sport for everyone. This section outlines how players with disabilities can participate fully and fairly across FISTF-sanctioned events, and how tournament organisers and MNAs can support access, representation, and fair play.

- (a) **Registering for an Inclusive License**
  - (i) Players with physical, sensory, or intellectual disabilities may apply for a **FISTF Inclusive License** by:
    - (A) Providing documentation from their national sports federation or recognised medical/disability body.
    - (B) Submitting this through their MNA to the Department of Inclusivity and Participation.
    - (C) Upon approval, the player will receive an Inclusive License and be entered into the **FISTF Inclusive World Ranking**, with access to all relevant competitions.
    - (D) **Note:** This is not a requirement for general play—only for ranking and participation in designated inclusive/division events.
- (b) **Hosting Disability-Inclusive Events**

- (i) Any MNA seeking to host disability-specific or inclusive competitions must coordinate with the **Department of Inclusivity and Participation** and Sports Department for approval, guidance, and support on accessibility measures and competition format.
- (c) **Match Rules & Accommodations**
  - (i) Unless specific modifications are agreed upon and announced, **standard FISTF match rules and timings apply**.
  - (ii) Players may request **reasonable accommodations** (e.g., seated play, extended time, assistive tools, communication aids). These are assessed individually by the Department of Inclusivity and Participation.
  - (iii) Accommodations must not give a competitive advantage but should aim to level the playing field.
  - (iv) Players with **neurodivergent conditions**, including Autism Spectrum Disorder (ASD) and Attention Deficit Hyperactivity Disorder (ADHD), may request accommodations such as:
    - (A) Reduced sensory distractions (quiet zones, predictable scheduling)
    - (B) Clear written and visual instructions
    - (C) A designated support person or official to assist with transitions or rule clarifications
    - (D) Extra processing time or calming space before matches
    - (E) Each request is reviewed on a case-by-case basis to balance inclusion with fair competition.
- (d) **Disability Classification Reference (Optional)**
  - (i) FISTF recognises general categories aligned with international sport standards to support classification at inclusive events. These include, but are not limited to:
    - (A) **F20** - Intellectual disability (note: ASD and ADHD are not automatically included in F20 unless there is a co-occurring intellectual impairment)
    - (B) **F35-38** - Coordination impairments (e.g., cerebral palsy, ataxia)
    - (C) **F40-41** - Short stature
    - (D) **F42-46** - Limb deficiencies (standing players)
    - (E) **T/F51-58** - Wheelchair users with varying upper/lower limb or trunk function
    - (F) Full details are maintained in [Appendix 4](#) for organisers who require classification support. However, all events must maintain player dignity and prioritise functional assessment over medical labels.
- (e) **Our Commitment**
  - (i) FISTF is actively working with players, federations, and disability advocates to:
    - (A) Promote inclusive participation across all formats and regions.
    - (B) Ensure accessibility in venues, rules, and communication.

(C) Foster an open culture where disabled players can thrive as equals, leaders, and champions of the game.

(ii) *This is not a side initiative—this is the game evolving.*

## 2.4 FISTF Licensed Referees

### 2.4.1 Definition of FISTF Referee Categories

(a) FISTF defines two different referee categories as follows:

- (i) Head Referee.
- (ii) Referee.

### 2.4.2 FISTF Head Referee

(a) Definition of FISTF Head Referee

(i) During every FISTF event, there must be at least two (except for Satellites, where only one is required) competition Head Referees to supervise all aspects of refereeing. Their job, during the event, is to:

- (A) Take decisions about rules.

### 2.4.3 FISTF Referee

- (a) Definition of FISTF Referee
- (i) For every match during a FISTF event, there must be a referee to supervise all aspects of game refereeing according to the FISTF Sports Rules of Table Football. Their job is to:
    - (A) evaluate the legality of players’ equipment and defer to the Head Referee if there is uncertainty,
    - (B) make all rule decisions during play,

- (i) Referees will be managed by the Tournament Organiser with support from the Head Referee, as described in the **Tournament Organisers' Handbook**.
  - (ii) The referee's name/club shall be affixed near each match during the competition.
  - (iii) In team events, a team of three players is responsible for finding a fourth referee in order to fulfill their refereeing role 100%. It is not up to the organiser to look for a solution. If the team cannot find a referee, the Organiser can appoint a referee and the team is fined €10.
- (c) Rights of FISTF Referee
- (i) During any match, the referee's decision is final and cannot be changed, except in cases where the referee may interrupt the match and ask the Head Referee for advice about rules. **When the Head Referee is called, only the match referee can explain the situation for which the call was made. The tournament organiser cannot interfere with or modify a decision of the Head-Referee.**
  - (ii) Players have TWO appeals per match when they can ask for Head Referee intervention in a match. Only the match referee can ask for further interventions by the Head Referee. Where players have used their two appeals, if possible, the Head Referee should remain in the vicinity of the table in order to intervene promptly if required.
    - (A) If the appeal is rejected by the Head Referee, the appealing player is penalised with a yellow card. If it happens again, with the second appeal, they are penalised with an orange card. This is to prevent frivolous appeals, or to cause a delay.
  - (iii) The following behavior by players is strictly forbidden:
    - (A) Making game calls or refereeing actions themselves (e.g., "back", "foul", figure repositioning etc.).
    - (B) Changing the referee's decisions.
    - (C) Criticising or influencing the referee's decisions.
    - (D) The use of insulting or harmful comments towards the referee.
    - (E) Threatening or attempting to use force against the referee.
    - (F) Stealing or damaging the match referee's equipment,
    - (G) Use of irregular equipment. In this case, the player must change it.
  - (iv) In (A), (B) or (C) cases listed at 2.4.3 (c)(iii), the referee shall use the following procedure:
    - (A) At the first offence, the match referee shall warn the player that, should the player commit another offence, a yellow card will be issued.
    - (B) If another offence is committed, the match referee shall issue the player a yellow card and warn them that, should the player commit another offence, an orange card will be issued.
    - (C) If a further offence is committed, the match referee shall issue the player an orange card (with the spare goalkeeper removed) and warn them that, should the player commit another offence, a red card will be issued.

- (D) If a further offence is committed, the match referee shall issue the player a red card. In such a case, the game is terminated, and the match referee must immediately leave the table and inform a Head Referee and the Tournament Organiser about the situation. The offender is then disqualified and reported to the Disciplinary Council by the Head Referee or the Tournament Organiser.
- (v) In (D), (E), (F) or (G) cases listed at 2.4.3 (c)(iii), at the first offence, the match referee shall give the player a red card. In such a case, the game is terminated, and the match referee must immediately leave the table and inform a Head Referee or the Tournament Organiser about the situation. The offender is then disqualified and reported to the Disciplinary Council.
- (vi) If any of (D), (E) or (F) cases listed at 2.4.3 (c)(iii) happens immediately before or after a match, the referee must inform a Head Referee or the Tournament Organiser about the situation.
- (vii) The offender is then disqualified and reported to the Disciplinary Council by the Head Referee or the Tournament Organiser.

  - (D) The use of insulting or harmful comments towards match referees.
  - (E) Threatening or attempting to use force against the referee.
  - (F) Stealing or damaging the match referee's equipment.

  - (A) At the first offence, the match referee shall warn the coach that, should the coach commit another offence, the coach will be asked to leave the playing area. If another offence is committed, the match referee will ask the coach to leave the playing area. If the coach refuses to leave, the match referee must inform the Head Referee or the Tournament Organiser about the situation. The coach is then reported to the Disciplinary Council by the Head Referee or the Tournament Organiser.
  - (B) In (D), (E) or (F) cases listed in 2.4.3 (c)(viii), at the first offence, any of the four referees shall inform a Head Referee or the Tournament Organiser about the situation. The coach is then reported to the Disciplinary Council by the Head Referee or the Tournament Organiser.
  - (C) If any of (D), (E) or (F) cases listed in 2.4.3 (c)(viii) happens immediately before or after a match, any of the match referees must immediately inform a Head Referee or the Tournament Organiser about the situation. The coach is then reported to the Disciplinary Council by the Head Referee or the Tournament Organiser.

- (x) If the Head Referee finds that a match referee (individual or team) doesn't follow the procedures described above deliberately, their behavior can be considered a deliberate breach of the present regulations, with the intent to change the normal course of a match. In this case, the referee (individual or team) may be reported to the Disciplinary Council by the Head Referee or the Tournament Organiser.
- (d) Duties of FISTF Referee
  - (i) For any referee it is mandatory to have a good knowledge of the current version of FISTF Sports Rules of Table Football. The current FISTF Sports Rules of Table Football are available on the FISTF website. FISTF approved translated versions may be available from MNAs.

    - (B) Be fully focused on the game.
    - (C) Be at the game table on time and during the full duration of the match. A referee who is not present at the start of the match will be reported by the Head Referee and shall lose 25 World Ranking points for each match for which they are late.
    - (D) Avoid any evaluative comment on the match/a player.
    - (E) Be respectful to players/coaches/spectators.
    - (F) Compile and deliver the match report.
    - (G) Check each player's equipment.
    - (H) Keep match time with their own watch. As the official timekeeper for the match, each referee must have their own timer (or use one of the player's timers), even if there is a "big" timer in the hall.
    - (I) Issue yellow, orange and red cards as appropriate.
    - (J) Ask the Head Referee for advice about Rules if needed.
  - (iii) A referee who repeatedly violates the behavior listed at 2.4.3 (d)(ii) may be reported to the Disciplinary Council by the Head Referee or the Tournament Organiser.

The Head Referee or the Tournament Organiser shall also report the player or the team to the Disciplinary Council.
- (f) Replacement of Referee

- (i) A referee (individual or team) may be substituted by the Head Referee or by the Competition Manager before starting a match if it appears that their nationality or club could be a conflict of interest with one of the players or teams in the match.
- (ii) A referee (individual or team) may be substituted after receiving the second warning (see 2.4.2 (c)(iii)), but ONLY if so requested by the Head Referee. The new referee (individual or team) will be appointed by the Head Referee.
- (iii) A referee (individual or team) may be substituted before or during a match in case of health problems, if the head-referee decided it after having noticed that it was necessary to do so following a bad course of the match/refereeing, or other serious reasons. This change can be made at half time and/or before sudden death. The Head Referee shall approve referee substitution and appoint the new referee (individual or team).
- (iv) Except for cases 2.4.3 (f)(i), 2.4.3 (f)(ii) and 2.4.3(f)(iii), a referee (individual or team) cannot be substituted before or during a match, even if substitution is asked by the referee (individual or team).

## 2.7 FISTF Calendar

This section sets out the rules used to optimise the construction of the official FISTF calendar for the 2025-26 season.

The organisers of any proposed event to be included in the calendar **should if possible wait for the confirmation of the tournament from FISTF before proceeding to book their venue.** In any case, if an organiser books a venue and the event is not confirmed by FISTF, then FISTF is not liable for any costs or out-of-pocket expenses that the organiser may incur.

The first edition of the calendar for season 2025-26 will be available by **15 July 2025**. Multiple renewals will follow on a monthly basis.

**Please note:** for the 2025-26 season, the Board:

- is introducing a revised timetable which will allow for better overall management of the FISTF Calendar by the Board, as well as more time for planning in the lead up to tournaments for tournament organisers and individual players. A communication was sent to MNAs on 9 May 2025 outlining the process and deadlines for submission of requests to host events in the 2025-26 season; and
- as outlined at 2.7.7 below, to allow for more tournaments and for better management of the calendar - in particular, the rules for combinations of tournaments permitted on the same weekend - Europe will be divided into two “zones”, “North” and “South”.

### 2.7.1 Rules of construction of the Calendar

- (a) All MNAs which have not sent their requests for events in the 2025-26 season by the deadlines specified in the FISTF Communication of 9 May 2025 and set out below will have to send their request to FISTF before the tournament takes place, bearing in mind the general deadlines outlined at 2.7.1(g).
- (b) Only for Europe: To provide national federations with a slot reserved for major national (domestic) competitions, the third weekend every month (except for June, July, and August) should be free of Major Grand Prix, International Grand Prix/Golden Grand Prix and International Open tournaments.
- (c) Conversely, FISTF expects national federations in Europe not to create conflicts with the FISTF calendar which would adversely affect attendance at FISTF events FISTF therefore asks MNAs **not** to organise major national competitions on any other weekend than the third weekend of the month between September 1 and May 31.
- (d) The following competitions are also authorised on the third weekend: World Cup, Continental Cup, Champions League/Europa League.
- (e) Per the World Cup Handbook, the World Cup will take place in September every second year (in even years), excluding the first weekend of September.
- (f) An event over a weekend straddling two months will be considered as belonging to the ending month.
- (g) The deadlines for requesting an event are:
  - (i) Major Grand Prix - **4 months** before the date of the tournament. Initial deadline for requests for 2025-26 season is **20 May 2025**;
  - (ii) International Grand Prix/Golden Grand Prix - **3 months** before the date of the tournament. Initial deadline for requests for 2025-26 season is **31 May 2025**;
  - (iii) International Opens - **2 months** before the date of the tournament. Initial deadline for requests for 2025-26 season is **14 June 2025**;
  - (iv) Satellite Tournaments - **2 weeks** before the date of the tournament. Initial deadline for requests for 2025-26 season is **28 June 2025**.

### 2.7.2 Criteria of priorities in case of multiple requests for the same date

- (a) Request on time - **before the deadlines specified in the FISTF Communication of 9 May 2025** (for 2025-26 season).
- (b) Respect for the timelines (per nation) in sending all requested files such as results, posters, invitations, reports etc. of the tournaments the previous season.

- (c) Usage of the same date previous season(s). Traditional dates should be respected.
- (d) Type of tournament. First is Major Grand Prix, then International Grand Prix/Golden Grand Prix, then International Open and last Satellite.
- (e) For Europe, an order of preference of three dates is required on **Form 04**. The calendar will be established by the Sports Director according to the preferred dates of each tournament.

### 2.7.3 Rules for the request of a FISTF Tournament for the 2025-26 season

- (a) MNAs must send the dates for their FISTF tournaments for the following season using **Form 04** via the website method to <https://fistf.com/contact/contact-fistf-for-operations-sport-calendar-rankings/> before the deadlines specified in the FISTF Communication of 9 May 2025.
- (b) The tournaments are only officially confirmed if they are confirmed by the FISTF Sports Director and mentioned in the official FISTF calendar that is published on the FISTF website and/or social media pages. FISTF is not liable for delayed or missing confirmations and each MNA has full responsibility for verification of requested tournaments' acceptance. The first complete version of the FISTF calendar will be published no later than 15 July 2025.
- (c) After the deadlines specified in the FISTF Communication of 9 May 2025 candidatures will not be accepted if they don't respect the deadline referred to in 2.7.1 (g) for the tournaments they request.
- (d) The FISTF Sports Director may move late applications according to the available dates.
- (e) Any request from an MNA to change the type of international event (for example, from a Grand Prix to an International Open) will not be accepted.

### 2.7.4 Rules for the Major Grand Prix

- (a) A Major Grand Prix is requested before 20 May 2025 through a separate process run by FISTF Sports Department, as described in 2.9.1.
- (b) For Europe, an order of preference of three dates has been requested on **Form 04**. The calendar will be established by the Sports Director according to the preferred dates of each tournament.
- (c) A Major Grand Prix tournament must be the only tournament on the weekend in the relevant continent.
- (d) At least 3 Head Referees are appointed by the Sports Director of FISTF after the registration deadline and before the tournament. The tournament organiser can, however, liaise with the Sports Director to change the appointed Head Referee(s) for specific reasons, which must be documented.

### 2.7.5 Rules for the International Grand Prix / Golden Grand Prix

- (a) An International Grand Prix/Golden Grand Prix must be requested by an MNA before 31 May 2025.
- (b) Only one International Grand Prix is allowed on the same weekend.
- (c) As outlined below, an MNA may hold a Golden Grand Prix every two years (if eligible).

- (d) For Europe, an order of preference of three dates is required on **Form 04**. The calendar will be established by the Sports Director according to the preferred dates of each tournament.
- (e) At least 2 Head Referees are appointed by the Sports Director of FISTF after the registration deadline and before the tournament. The tournament organiser can, however, liaise with the Sports Director to change the appointed Head Referee(s) for specific reasons, which must be documented.
- (f) An International Grand Prix/Golden Grand Prix may only be confirmed for an MNA that does not have any outstanding invoices payable to FISTF.
- (g) Update website and social media activity during the tournament.

### 2.7.6 Rules for the International Opens, Satellites

- (a) These tournaments must be requested by the MNA before **14 June 2025 (International Opens) or 28 June 2025 (Satellites)**.
- (b) For Europe, an order of preference of three dates is required on **Form 04**. The calendar will be established by the Sports Director according to the preferred dates of each tournament.
- (c) For International Opens, at least 2 Head Referees are appointed by the Organiser or Sports Director of FISTF after the registration deadline and before the tournament. The tournament organiser can, however, liaise with the Sports Director to change the appointed Head Referee(s) for specific reasons, which must be documented.
- (d) For Satellites, at least 1 Head Referee is appointed by the Organiser after the registration deadline and before the tournament.
- (e) Satellites can also be organised on the 3rd weekend of the month.
- (f) The tournament organiser is, or will appoint, the Head Referee of the tournament.
- (g) An updated website for each tournament is advised.

### 2.7.7 Combination of Tournaments on the same weekend

- (a) To allow for more tournaments and for better management of the FISTF calendar - in particular, the rules for combinations of tournaments permitted on the same weekend - MNAs/AMNAs/MNA-Ps in Europe will be divided into two “zones”, “North” and “South”. The division is based primarily on the number of tournaments held in each zone in the previous season, as well as player numbers. It will be reviewed each season to ensure as even a distribution of tournaments across each zone as possible. For the 2025-26 season, the zones are as follows:
  - (i) **North Zone:** Austria; Belgium; Czechia; Denmark; England; Finland; France; Germany; Ireland; Northern Ireland; Norway; Scotland; Switzerland; Wales.
  - (ii) **South Zone:** Cyprus; Gibraltar; Greece; Italy; Malta; Portugal; Spain.
- (b) Two (2) or more tournaments can be organised on the same weekend in different countries of the same continent/European zone, with the exception of a Major Grand Prix, International Grand Prix and Golden Grand Prix. Therefore, the following combinations will be accepted within the same continent/European zone:
  - (i) International Open + International Open

- (ii) Major Grand Prix/International and Golden Grand Prix/International Open + Satellite
- (iii) The number of satellites allowed on the same weekend is not limited and can be organised at the same time as any competition, except WC/EC/CC/CL/EL/CCC.
- (iv) Countries not in Europe are permitted to play the above-mentioned combinations.
- (c) The two European zones will, for the purposes of the rules outlined above, be treated as two separate continents. Therefore, with the exception of the Major Grand Prix (which are the only tournaments to be held in Europe on that weekend, other than Satellites), tournaments may be held on the same weekend in the two different zones as outlined at 2.7.7(b) above. For example, a Grand Prix and a Satellite may be held in the North Zone at the same time as a Grand Prix and a Satellite are held in the South Zone, and so on.
- (d) The FISTF World Cup weekend will be free of tournaments all over the world.
- (e) Tournaments completed in a single day of the weekend (that is, only the Saturday or the Sunday) are considered as occupying the whole weekend. If an event takes place for instance on a Sunday of such a weekend (for example, a weekend falling on June 30th and July 1st), if the event is played on Sunday July 1st, it will be accounted in the July World Ranking and not June World Ranking.

## 2.8 FISTF Tournaments

But the Open category is a mandatory category.
  - (v) While consolation tournaments for eliminated players are generally encouraged, the tournament organiser should consider very carefully whether it is practical to hold such a tournament. Where a consolation tournament is held, it must not affect or delay the organisation or timing of the main event (for example, due to a lack of tables or the need for referees).

## Section 3 - Equipment Control

### 3.1 Controls on the Game Equipment and Event Locations

#### 3.1.1 Definition

- (a) Regular controls over equipment and event locations are an essential feature of any sporting activity. They are managed according to the **FISTF Equipment Handbook** that includes the list of all FISTF-approved equipment. The controls on the players' equipment (4.1.2) are implemented in every FISTF tournament; controls on the organisers' equipment and the event locations (4.1.3) are intermittently carried out by FISTF officials. Finally, in certain high-level tournaments the organisers must provide information about the pitches and goals they will use in the event (4.1.3).

#### 3.1.2 Controls on the players' equipment

- (a) The controls are handled by the Head Referees. They are implemented mainly through the FISTF Measuring Tool, following the instructions contained in the **FISTF Equipment Handbook**. The equipment checked includes bases, balls and goalkeepers. Figures only come into consideration insofar as the height of base + figure is concerned.
- (b) The organisers must:
- (i) Have at least two FISTF Measuring Tools.
  - (ii) Have a copy of the latest FISTF Equipment Handbook.
  - (iii) Appoint one or more Head Referee to carry out the controls.
  - (iv) Send an Equipment Report to FISTF with any issues that occurred. This report is part of the Head Referee Report available in the Forms section of the FISTF website.
- (c) For each event day (this usually means once for the team event and once for the individual competition), the Head Referee(s) check several game tables equal to 15% (rounded up) of the number of players participating in the tournament. The tables to be checked are chosen at random. The checks are performed before the start of the matches, after the players have deployed their teams and goalkeepers. Moreover, checks must be run in at least two separate batches performed at different times. If the tournament is subdivided into categories, at least one table in each category must be checked. If the Equipment Report is not sent, it will be mandatory to pay a penalty of 100 EUR.
- (d) For each table the Head Referee(s) checks the ball, the goalkeeper and one of the bases (selected at random) used by each player, taking advantage of the FISTF Measuring Tool.
- (i) In the case of the base the Head Referee checks:
    - (A) the minimum height of base + figure.
    - (B) the maximum base diameter.
  - (ii) In the case of the goalkeeper the Head Referee checks:
    - (A) that the figure passes through the opening smoothly, while holding the rod in a perfectly horizontal position.

- (B) the thickness of the goalkeeper figure.
  - (C) the straightness of the rod. Only a slight angle at the junction point between the rod and the handle is allowed.
  - (D) The rod's width.
  - (E) The lengths of the rod and the handle.
- (iii) In the case of the ball, the Head Referee checks its diameter and that it rolls straight.
- (e) A player who suspects their opponent is using irregular equipment may alert the referee either before the match starts or during the half time interval. The referee determines if the charge is plausible. If so, the Head Referee(s) and/or the organisers shall be alerted. Checks requested by players must be noted in the pertinent form, but they do not count toward the minimum number of controls that must be performed each day.
  - (f) If a referee believes a player is using irregular equipment, they proceed in the same way and at the same points in time (before the match starts or during the half time interval).
  - (g) Disagreements on the regularity of a player's equipment are adjudicated by the Head Referee(s).
  - (h) **Sanctions:** Upon being confirmed to be using irregular equipment, a player must immediately surrender it to the organisers, who shall hold it in custody if the player remains in play. No attempt to rectify the item(s) on the spot is allowed. A yellow card will also be issued to the player, which will apply to the player for all remaining games - individual and/or team - during the event. Repeat of the infringement or refusal to surrender it will lead to the player's immediate disqualification from the tournament (both days). The Head Referee or Tournament Organiser must report the incident in their report to FISTF. The FISTF Sports and Disciplinary Departments will keep a record of any such incidents. Any player who is found to have used irregular equipment again within a two year period will be fined 100 EUR.
  - (i) A player found to have used irregular equipment will have the right to appeal to the FISTF Equipment Committee following the tournament.

### 3.1.3 Presentation of Equipment

- (a) Definition:

Some players use teams in which some figures and bases are different from the rest of the team. Understandably, there will be breakages in a set of figures, but players must ensure that all their figures and bases are of the same design and colour. A player has the right to ask their opponent to change teams if this regulation is breached. There is no penalty for abusing this rule, but the referee must enforce it.

Infringement: The referee must ask the offending player to change their playing figures.

### 3.1.4 Controls on the organisers' equipment and the event locations

- (a) The controls are performed by the Head Referee(s).
- (b) FISTF will present Head Referees with any information provided by the organisers about the equipment used in the event.

- (c) The Head Referee checks:
  - (i) The pitches and goals to see if their brands correspond to the organisers' indications.
  - (ii) the tables and pitches, paying attention to:
    - (A) the balance of the table (the surface must be neither bent nor inclined); and
    - (B) the uniformity of the cloth (there must be no bubbles or waves especially in the playing area).
  - (iii) the functional and aesthetic value of the equipment (newness, cleanliness, lack of wear).
  - (iv) the merits of the facilities arranged by the organisers, including:
    - (v) the game hall.
    - (vi) the positioning of tables and fences.
    - (vii) the bar / restaurant.
    - (viii) the toilets.
- (d) Optionally, the Head Referee may assess additional features, like the respecting of the time schedule, of FISTF tournament regulations, players wearing sports uniforms, and the suitability of the official hotel accommodation, if applicable.
- (e) **Sanctions for false statements rendered by the organisers:** False statements rendered by the organisers shall be sanctioned with a fine between 20 EUR and 100 EUR, depending on the severity of the situation.

## Section 4 - Finance Regulations

The FISTF Finance Department will maintain the following (a) bank account and (b) PayPal account for receipt of payments from MNAs, players, clubs, and tournament organisers.

    Account name:                          FISTF
- (b) PayPal:                                [stevedettre.fistf@gmail.com](mailto:stevedettre.fistf@gmail.com)

### 4.2 Financial Plan – Expenditure

Several issues are anticipated about expenditure:

#### 4.2.1 FISTF organisation and administration

- (a) The members of the Board of Directors and any committees may present a claim for payment of expenses to the Board of Directors. These expenses can only be for the purpose of attending FISTF sporting events. However, the BoD shall limit the payment to the Director whose place of residence is closest to the venue for the above events. Only one Director shall be entitled to claim expenses per event. If the Director takes part in the event as a player, then the Director shall be ineligible to make a claim on expenses. It shall then be at the discretion of the BoD to allow another Director to claim expenses.
- (b) The exception to this rule shall be for the FISTF annual general meeting or the Congress. For these, a BoD member can receive 200 EUR allowance for attendance at the AGM or Congress if it is associated with the World Cup but ONLY if the director attends in a non-playing role. If they attend in a playing role, then the amount remains 20 EUR per day on-site.
- (c) Each Director wishing to make a claim must provide an expense claim form (**Form 91**) at least a week before the planned expenses and have this approved by the BoD. The BoD will then instruct the Finance Director to authorise payment on receipt of invoices/proof of expenses/travel.

#### 4.2.2 The purposes to which FISTF's funds are used

- (a) As outlined in this Handbook, FISTF collects funds from MNAs, event organisers and manufacturers of equipment seeking approval for their products. Apart from covering the unavoidable costs of running FISTF (for example, website hosting costs, bank fees, costs associated with supporting the World Cup etc), *the primary purpose of the receipt and expenditure of FISTF funds will be to effectively to promote the growth of the game.*
- (b) Each year, the FISTF Board will prepare and share with MNAs: (i) financial accounts for the previous year; and (ii) a budget setting out expected revenue and expenditure for the following year.
- (c) As part of the FISTF budget, FISTF will provide financial support to organisers of:

  - (iii) Champions League: €900
  - (iv) Europa League: €900
  - (v) Continental Championship (rest of the world): €400
- (d) **Development Fund**- FISTF will devote part of its budget to the development of sports table football through the Development Fund. The amount paid into the Development Fund will be set each year by the Board, bearing in mind FISTF's overall financial position and the amount of funds already in the Fund. The aim of the Fund is to assist smaller MNAs/MNAPs in growing the sport in their territory. MNAs/AMNAs/MNAPs may apply for support for:
- (i) purchasing of equipment (pitches/boards/bases etc);
  - (ii) venue hire for development; and/or
  - (iii) provision of equipment to donate to schools/community groups.
- The regulations guiding these donations are:
- (iv) No donation will be made to an MNA which has won a World Cup, either team or individual;
  - (v) FISTF will only match the expense of the MNA/P. So, if an MNA/P wishes to buy a pitch, goals, bases etc FISTF will buy a second pitch, goals, bases etc.
  - (vi) No donation will exceed more than €250 in a single transaction and no more than once a calendar year.
  - (vii) The MNA/P must provide full receipts for any purchase etc. If the MNA/P receives a donated item from some other source, that does not count towards the “matching” quota. They will still need to purchase an item to be matched by FISTF.
  - (viii) The MNA/P must provide full photographic evidence that the equipment is being used for the desired purpose.

### 4.2.3 Allowances

### **Article 5      Official Warning**

- 5.1      An official warning is a letter written by the Chairperson to a defendant who has been judged by the Council guilty of a breach of these disciplinary regulations. The Council may decide that this letter will also be sent to other parties such as the defendant's Club or MNA, as well as the FISTF Board.
- 5.2      The Council will keep a register of all official warnings. This register must be kept electronically on a suitable web-accessible database, with access by the FISTF President and Secretary General.

### **Article 6      Fine**

- 6.1      A disciplinary fine is a pecuniary obligation of a defendant who has been judged by the Council guilty of a breach of these disciplinary regulations and sentenced to pay a fixed amount of money. Fines will be defined by the Council in multiples of 10 EUR.
- 6.2      An MNA, Player or Club sentenced to a fine will be automatically suspended from participating in any FISTF competition until this fine is fully paid, unless the Council decides otherwise.

### **Article 7      Disqualification**

- 7.1      The disqualification of a defendant who has been judged guilty of a breach of these disciplinary regulations results in the defendant automatically losing the match and/or competition(s) from which they are disqualified.
- 7.2      If the disqualification is for one match, the defendant will lose the match with a minimum of 0-3 for an individual match, and of 0-4 for a team match. If the match was ongoing at the time of disqualification and had a more detrimental result against the defendant, such higher score will be kept.
- 7.3      If the disqualification is for one or more competitions, the defendant will lose all matches of that competition with a minimum of 0-3 for an individual match, and of 0-4 for a team match. If a match of the defendant was ongoing at the time of disqualification and had a more detrimental result against the defendant, such higher score will be kept.
- 7.4      The disqualification of a defendant may be decided by the Council or, by delegation, by a competition organiser and/or head referee. The disqualification is the only disciplinary sanction that the Council may allow a delegate to decide on. In that case, the delegate may only sentence the defendant to a disqualification for the match(es) and/or competition for which they are the organiser and/or head referee.
- 7.5      When a defendant is sentenced to disqualification by a delegate of the Council, that delegate or a third party may in addition file a claim to the Council for the same facts. Should this be the case, the Council may decide to sentence the defendant to an additional sentence.
- 7.6      The decision of a delegate of the Council to disqualify a defendant for a match and/or a competition is final and may not be appealed or modified. The Council or FISTF will not hold any liability, monetary or otherwise, towards the defendant for that disqualification.

### **Article 8      Suspension**

- 8.1      A suspension is an interdiction of a defendant who has been judged by the Council guilty of a breach of these disciplinary regulations to play some or all future FISTF competitions for a defined period of up to one (1) year.
- 8.2      A suspended defendant will lose all the benefits of FISTF affiliation for the duration of the suspension as defined in the sanction, while still retaining all their FISTF obligations.

- 8.3 The suspension of an MNA will automatically imply the suspension of all Clubs and Players affiliated with that MNA.
- 8.4 The suspension of a Club will automatically imply the suspension of all Players affiliated with that Club.

### **Article 9 Expulsion**

- 9.1 The expulsion of a defendant who has been judged by the Council guilty of a breach of these disciplinary regulations is a revocation of the membership and/or affiliation with FISTF for that defendant. The expulsion implies the indefinite suspension from all FISTF competition.
- 9.2 When the Council decides to expel a Player or Club from FISTF, this expulsion will only become effective when ratified by the Board.
- 9.3 When the Council decides to propose the expulsion of an MNA from FISTF, this expulsion may only be pronounced by a decision of the Congress.
- 9.4 Even after it has been expelled from FISTF, an MNA, Club, Player, its successors and assignees, shall remain liable for any obligation, monetary or otherwise, incurred when it was an FISTF Member or associated with FISTF.
- 9.5 FISTF will have no liability whatsoever, monetary or otherwise, towards an expelled defendant, unless these liabilities were incurred prior to the expulsion.

### **Article 10 Sentencing Guidelines**

- 10.1 The Council will publish sentencing guidelines, where it will present, for several types of breach of these disciplinary regulations, the associated sentences. These sentencing guidelines will be used by the Council and its delegates in further sentencing, without the Council being thereby bound to these guidelines.
- 10.2 The Council will update these sentencing guidelines on a regular basis.
- 10.3 The sentencing guidelines are additional to, and do not replace, the provisions of these regulations.

The Council may also decide to propose to the Board (for Players or Clubs) and/or the Congress (for an MNA) the exclusion from FISTF.

- 12.2 When there are facts that cannot be technically proved during a match, the Council may examine and judge if the result or the conduct of a match in general was normal. - 13.5 *Obligation not to employ suspended or disqualified Players:* The sanction of disqualification will be given to a Club by the competition head referee or, in their absence, by the competition organiser which uses suspended or disqualified Players during a competition, or Players who in general have no right to play.

## **Part 5 Rules of Procedure of the FISTF Disciplinary Council**

### **Article 20 Filing of Claims**

- 20.1 Notwithstanding the rights of the Head Referee and Tournament Organisers outlined elsewhere in the regulations, when FISTF, an MNA, Player or Club becomes aware of a possible breach of these disciplinary regulations, they may file a claim reporting such breach. This must be reported to the Council within thirty (30) calendar days of the presumed breach. Such a claim will be addressed to the Council Chairperson, or the person to whom they have given the authority to process claims.
- 20.2 Claims must be filed in writing by one named plaintiff against one or more named defendants. FISTF, MNAs, Clubs and Players may be plaintiffs or defendants. Such claims will set out in enough detail the charges against the defendant, and will list as a minimum:
- The names and contact details of the plaintiff.
  - The name of the defendants in enough detail to allow the Council to identify them.
  - A description of the facts presumed to be a breach of these disciplinary regulations, including but not limited to time and place information.
  - If possible, citation of the part of the disciplinary regulations that the plaintiff considers have been breached.
  - A description of the prejudice caused to the plaintiff by the presumed breach, if any.
- Should the initial claim, in the opinion of the Council, not contain enough information, the Chairperson will contact the plaintiff to collect that information. The plaintiff will be responsible to provide the missing information to the Council.
- 20.3 Players may appeal to the FISTF DC relating to any domestic disciplinary committee proceedings. However:
- Players must have been charged by their domestic disciplinary committee, and have received an adverse judgement.
  - They must have then appealed the domestic judgement.
  - Only after they have exhausted all domestic avenues of appeal can they lodge a claim with the FISTF DC.

- (d) The claim must be lodged within 30 days of the conclusion of any domestic process.
- 20.4 Should the Council decide that the plaintiff has not provided sufficient information to allow the Council to render a Judgement, the claim will be dismissed as inadmissible. The Chairperson will inform the plaintiff in writing as soon as possible of such a decision.
- 20.5 Should the Council decide that the claim is admissible, the Chairperson will inform in writing as soon as possible the defendant of the details of the claim and charges against him, and that the defendant may file a written explanatory memorandum in their defense to the Council within thirty (30) calendar days of the date of the Chairman's message.

### **Article 21 Proceedings before the Council**

- 21.1 For the investigation of the claim, the Council may request the production of other supporting documentation, such as Match Report, Referee's Reports, Head Referee's Report, Report of the Competition Manager and the defendant's apology letter. Upon receipt of the Council request to produce such supporting documentation, the document holder has the obligation to provide a copy of the requested document to the Council.
- 21.2 Proceedings before the Council will be accusatory. Both plaintiff and defendant will be invited to present their case before the Council. This presentation does not have to be made within the frame of formal hearings and may be achieved through any reasonable method as determined by the Council, including but not limited to informal meetings and e-mail or telephone exchanges.
- 21.3 Should the Council decide that a preponderance of the available evidence suggests that a breach of the disciplinary regulations did take place, the Chairman will request the defendant to submit an apology letter to the plaintiff and/or any part that has suffered damages from the breach, with a copy to the Chairman. The defendant will have to submit such an apology letter in writing within ten (10) days of the Council decision.

### **Article 22 Judgement**

- 22.1 Based on the available evidence and on the apology letter of the plaintiff, if any, the Council will render a Judgement, where it will decide that a preponderance of the available evidence suggests that the defendant is:
- (a) Guilty of one or more breaches of the disciplinary regulations, and will then sentence the defendant to one or more disciplinary sanctions; or
  - (b) Not guilty of a breach of the disciplinary regulations.
- Such Judgement will be supported by a reasoned opinion approved by the Council that sets-out the reasons for the Judgement and sentence.
- 22.2 A defendant may be found guilty of breaches of the disciplinary regulations that were not listed among the charges in the original claim.
- 22.3 In rendering Judgement, the Council will use as guidelines previous Judgements of the Council and the applicable sentencing guidelines but will not be bound by such Judgements or guidelines.
- 22.4 In sentencing the defendant to a disciplinary sanction, the apology letter of the defendant, if any, will be considered as a mitigating circumstance.
- 22.5 When more than one claim is filed against the same defendant for the same facts, only one Judgement may be rendered against the defendant (no double jeopardy). However:

- (a) When additional claims are filed after Judgement has been rendered, that add new facts that the Council decides to be relevant to the original charges, the Council may decide to reopen the disciplinary proceeding.
- (b) A claim that has been dismissed as inadmissible will not preclude the filing of another claim against the same defendant for the same facts.

22.6 The Chairperson will inform in writing as soon as possible the plaintiff and the defendant of the Judgement rendered by the Council and of the related sentence. In addition, the Judgement and sentence will be published as soon as possible on the FISTF official website [www.fistf.com](http://www.fistf.com).

### **Article 23 Execution of Disciplinary Sanctions**

- 23.1 Any disciplinary sanction will become effective, and its execution will start on the day following the publication of the sentence on the FISTF official website, unless the Council decides otherwise in the Judgement.
- 23.2 The execution of a sentence will be suspended during the duration of the proceedings that follow the admission by the Council of an appeal from the related Judgement. The period between the start of the execution of the sentence and the suspension of the disciplinary sanction will be deducted from the duration of any new disciplinary sanction imposed by the Judgement on appeal.
- 23.3 If a sentence cannot be fully executed during a sports season, it will continue during the next sports season(s).
- 23.4 If a Player is transferred to another Club and/or MNA, they will normally continue their sentence, even if for example a whole team to which they are not a member anymore had been sanctioned.

### **Article 24 Appeal**

- 24.1 The plaintiff, the defendant or both may, within thirty (30) calendar days of the publication of the Judgement on the FISTF official website, appeal from a Judgement and/or sentence by writing to the Chairperson.
- (a) Where the plaintiff and/or defendant do not provide any additional evidence, the appeal will be dismissed as inadmissible by the Council and referred directly to the Independent Arbitrators Committee for consideration (see Articles 26 and 27 below);
  - (b) Where the plaintiff and/or defendant does provide additional evidence, the appeal will be considered admissible to and will be reviewed by the Council.
- 24.2 Should the Council decide that an appeal, either by the plaintiff, the defendant or both, is admissible, the Council will suspend the Judgement and the execution of the sentence. The Chairperson will inform the plaintiff and the defendant as soon as possible.
- 24.3 Following the suspension of the initial Judgement, the Council will re-start the proceedings and render a new Judgement as described in Article 2 and Article 3.

### **Article 25 Miscellaneous Provisions**

- 25.1 When a member of the Council is a party in a proceeding before the Council (either plaintiff or defendant), is related in the first degree (husband, wife, recognised partner, father, mother, son, daughter, brother or sister) to a party in such a proceeding, or is affiliated in another way with a party in such a proceeding (such as holding a management function in a Club that is a party to such a proceeding, or as mentioned earlier), they will not take part in the decisions of the Council related to that proceeding.

In cases where a member of the Council absents themselves because of 25.1, the Chairperson of the Council may appoint a suitable replacement member for the period of the proceedings.

- 25.2 For these rules of procedure, written documents will include, but not be limited to manuscripts, typed letters, faxes, e-mails (and their attachments) and cell phone text messages. In case of doubt, the Council will decide if a specific communication is a written document.

### **Article 26 The Independent Arbitrators Committee**

- 26.1 Article 31 of the FISTF Statutes establishes the Independent Arbitrators Committee, as follows:
- (a) The present statutes must be observed as a fundamental act of the Federation. Therefore, the members undertake to comply with the statutes, regulations and resolutions passed by organs of the Federation.
  - (b) By joining the Federation, MNAs and their individual members undertake not to promote, for the reasons inherent to the activity carried out within the game, legal actions or unrelated interventions against other MNAs or their individual members, subject to the prior authorisation of the FISTF Board of Directors.
  - (c) They accept that all disputes arising between the Federation, the MNAs and the individual members will be devolved to the exclusive competence of the Arbitrators Committee, as required by these statutes.
  - (d) The Arbitrators Committee, separate from the Disciplinary Council, will comprise a committee of three persons, nominated by the FISTF Board. Each of the Committee Arbitrators members have equal rights.
  - (e) The members of the Arbitrators Committee do not necessarily have to be members of a FISTF MNA and can be appointed because of their experience in the field of arbitration.
- 26.2 The appeal process is detailed below.

### **Article 27 Appeals to the Independent Arbitrators Committee**

- 27.1 Sanctions may be imposed on Member National Associations, AMNAs and MNAPs, as well as on clubs and single players of Member National Associations, AMNAs and MNAPs. The Sanctions are specified in the Disciplinary Council Articles of the FISTF Official Handbook.
- 27.2 Sanctions imposed by the Disciplinary Council can be appealed.
- 27.3 The process is:
- (a) *First instance appeal:* In the first instance, the appeal is made to the Disciplinary Council (DC) - see Article 24 above. If no additional evidence is provided by the defendant or the plaintiff, the appeal will be dismissed as inadmissible by the DC and referred to the Arbitrators Committee for consideration (second instance appeal - see below). If additional evidence is provided, the DC will consider the appeal and may either confirm or repeal the sanction.

- (b) *Second instance appeal:* Once the DC has rendered a new Judgement (sanction confirmed or repealed by DC), the plaintiff, the defendant or both may, within (30) calendar days of the publication of the new Judgement, make a second instance an appeal to the Arbitrators Committee. The Arbitrators Committee then makes its decision - sanction confirmed or repealed by Arbitrators.
  
- (c) *Third instance appeal:* If there cannot be an agreement by any of the parties, then an appeal can be made to the Member Nations. In this case a vote by MNAs using F-IVP with the sanction to be confirmed or repealed by the repealed by MNAs. The FISTF Board will nominate 12 MNAs to take part in the Vote. MNAs involved, either through a player, club, or itself, are excluded in the third instance as a Conflict of Cast Vote. MNAs vote with majority (50,01%) of the named conflict becoming the final decision.

  - (C) To benefit the game at all levels, whether small, local clubs, national competitions or elite international events.
  - (D) The development of a thorough training process to assist all players in understanding and learning the rules.
  - (E) Development of a proper Referees Guide and an associated Referees course and certification.
  - (F) Develop and maintain the Rules of the Game document, as well as a simplified rules document for beginners.

(c) Composition

- (i) There will be seven (7) members on the RR Committee.
- (ii) Four (4) positions will be available for nomination by the MNAs. If there are more than 4 nominations, then an internet vote of the Members will be held to determine the four persons to be named on the RR Committee. Of these 4, only one from an MNA can be elected - an MNA can only have a maximum of one elected representative.
- (iii) The FISTF Board will nominate three (3) members. The FISTF nominees will not be constrained by MNA, so they may come from an MNA which has an elected representative.

- (iv) All candidates for the RR Committee must abide by the policies of FISTF in relation to its board and committees:
  - (A) Committee solidarity (a decision taken in proper form by the whole committee is a decision of all members).
  - (B) Confidentiality policy (internal discussions, correspondence, and reports must remain confidential, until released by the Chairman of the Committee).
- (d) Decision making process
  - (i) The RR Committee will decide its internal votes by a simple majority.
  - (ii) In the interests of dealing with any changes to the rules in an efficient and transparent manner, the RR Committee will follow the following process:
    - (A) FISTF provides the authority to the RR Committee.
    - (B) The RR Committee is the owner of the Rules of the Game document and will create a separate Referees Guide.
    - (C) The Chairman of the RR Committee is the executor, under the authority of the Committee and the FISTF Board.
    - (D) The RR Committee can accept and call for contributions/suggestions. However, the RR Committee owns the decision making process and has the authority to reject or accept these suggestions.
    - (E) The RR Committee can also ask for clubs or small tournaments to 'play test' potential new rules and request analysis of these changes before they are implemented generally.
    - (F) Changes/amendments to the rules of the game are then implemented. In the case of major changes, they will be in force at the start of the next season.
    - (G) Internal discussions, correspondence, and reports must remain confidential, until released by the Chairman of the Committee. Internal discussions must not be aired in a public forum.
- (e) Other
  - (i) The RR Committee may issue its own internal rules of procedure.

- o General activities during the season:
  - Appointing of head referees by the sports department till latest Thursday every week, when there is an event on the following weekend where a head referee is necessary according to the handbook, request the starter lists from the organisers or refer to the tournament HP. Maybe it could be good to have a set of Head Referees who are ready to do the job, if they are taking part in the tournament, then it would be easier for the Sports Department to appoint people.
  - Take care that the tournament papers and result sheets are available on the FISTF HP, if not the FISTF Sports Department must send the papers to all tournament organisers when their events are approved by the sports department.
  - FISTF Financial Department should send out the payments latest on 10th of the month for the tournaments of the previous month.
  - Results and tournament papers must be sent in time
  - Use the possibilities of sanctions, especially when Majors Grand Prix, International Grand Prix, Golden Grand Prix, WC, CC and/or CL/EL are organised.
  - Every request for tournaments or transfers must be answered by FISTF officially. If the request is ok a confirmation is needed, if the request is not ok, a refusal must be sent. That work should be done by the Gen. Sec., always based on the FISTF Handbook.
  - FISTF Tour results must be online as soon as possible after FISTF has received them. Otherwise, it is difficult to ask the results of the events immediately after the event from the organisers, while FISTF isn't publishing them quickly.
  - All important information (forms, etc.) must be available in the latest version on FISTF HP.
  - FISTF Calendar on FISTF HP

The tournament homepage (if available) should be available without clicking into the tournament details. They should be added to this page of the calendar - [fistf.com/events/](http://fistf.com/events/)

- Check all the links on FISTF HP

## Appendix 3 Summary of Main Amendments for 2025-26 Season

Page no.	Section	Issue	Proposed change/background
Various	Various	Inclusion of Associate MNAs (AMNAs)	Reflecting members' decision at the 2024 Congress to amend the Statutes to create the new category of membership of AMNA, references to AMNAs have been included throughout the document as appropriate.
11	2.1.2(n)	AMNAs - specific criteria for admission	Members approved the creation of AMNAs in the Statutes at the 2024 Congress, but have not approved either the Board's original proposal to the Congress or its revised proposal to the Extraordinary Congress specifying the minimum number of players and clubs for AMNAs, as set out in the Handbook.  In these circumstances, the Board is proposing that AMNAs have the same minimum requirement as for MNA-Ps (5 registered players). The only difference between an AMNA and an MNA-P is that an AMNA is required to pay an annual fee of 50 Euros and is entitled to half a vote, and an AMNA has ongoing status as long as it meets the requirements, whereas an MNA-P is subject to an observation period.
16	Old 2.2.5(c)	Merger of two existing clubs	Deleted per Board proposal to the 2024 Congress, which was approved by members.
17 - 18	2.3.2	Change of nationality	Amendments to clarify various issues that have arisen during the year, and to reflect members' approval at the Congress of the proposed change to make it clear that a change of nationality takes effect in the following season.
21	Old 2.3.9(e)	Extended transfer period	Deleted per Board proposal to the 2024 Congress, which was approved by members.
21	2.3.10(b)	Foreign Player Rule	Amended per Board proposal to the 2024 Congress, which was approved by members at the Extraordinary Congress in April 2025.
21	2.3.10(f)	Foreign Player Rule	A new provision to allow some flexibility/recognition for players who help establish a new club in another country.
23 - 27	2.3.13	Players with a Disability	This section has been reviewed and rewritten by the new Director of Inclusivity and Participation to make it more inclusive and reflective of current best practices around accessibility and participation. One notable addition is the inclusion of neurodiversity specifically around Autism Spectrum Disorder (ASD) and ADHD.
31	2.4.3	Duties of a referee	A referee who is not present at the start of the match will be reported by the Head

Page no.	Section	Issue	Proposed change/background
			<p>Referee and shall lose 25 World Ranking points for each match for which they are late (see section 2.4.3(d)(ii) of the Official Handbook). A loss of World Ranking points has also been added for players and teams who refuse to referee a match or leave the tournament immediately following their elimination where they have been scheduled to referee the next round.</p> <p>These penalties have been added on the basis of experience, where late referees have caused delays. Currently, there is little that can be done if a referee is late.</p>
36	2.6.4 and 2.6.5	Late withdrawals, late arrivals or early departures of players from FISTF events	<p>Amendments to make it clear that (i) players must be present at the scheduled start of their match, otherwise it is a forfeit; and (ii) where a player fails to complete a match that has commenced without the permission of the referee (that is, the player leaves the table without the referee's permission or refuses to continue playing), they forfeit the match.</p> <p>The removal of the words "and who fail to give early notice or to present a reasonable justification to the organiser of that competition within a reasonable time" from 2.6.4 and 2.6.5 reflect the fact that tournaments need to run to schedule, even if a person has given prior notice that they are running late or give a reasonable justification (for example, that their flight has run late). While it is unfortunate, tournament organisers simply cannot hold a whole round/tournament due to one person being late.</p>
39 - 42	2.7	FISTF Calendar	Various changes to allow for better planning of the calendar prior to the start of the season, as well as more flexibility to conduct events on the same weekend during the season through the creation of two "zones" in Europe for tournament scheduling and management purposes.
56 - 57	4.2.2	The purposes to which FISTF's funds are used	Addition of financial support to be provided to organisers of larger events, as well as the Development Fund. Both these matters were approved by members at the 2024 Congress.
59 - 61	5.6	Media	Addition of detailed requirements relating to media, promotion and communication for tournament organisers.
78, 79 - 80	7	Disciplinary Regulations	Clarification of appeals process for disciplinary issues, including detail on the operation of the Independent Arbitrators Committee per the Statutes.

## Appendix 4: Simplified Disability Classifications for Tournament Organisers

- (a) Note: Currently, Autism Spectrum Disorder (ASD) and Attention Deficit Hyperactivity Disorder (ADHD) are not recognised as distinct classifications in the official international Paralympic system. However, FISTF supports accommodations for neurodivergent players through inclusive licensing and flexible tournament practices.
- (b) To assist in the organisation of inclusive events, below is a quick guide to common classification groups recognised by FISTF. These are not strict medical categories but help to organise fair and equitable play formats when needed:
  - (i) **F20** - Intellectual Disability: May involve challenges with reasoning, learning, or adaptive behaviour. Players may benefit from visual supports or extra time. ASD/ADHD alone are not included unless an intellectual disability is also present.
  - (ii) **F35-38** - Coordination Impairments: Includes conditions like cerebral palsy or ataxia. May affect fine motor control or movement stability. May require seated play or adapted equipment.
  - (iii) **F40-41** - Short Stature: Players with dwarfism or similar conditions. Standard table setup usually fine; accommodations may be seating or table height adjustment.
  - (iv) **F42-46** - Limb Deficiencies (Standing): Covers upper or lower limb differences. Some players may have prosthetics or reduced limb function. Play format unchanged unless specific tools are required.
  - (v) **T/F51-58** - Wheelchair Users: Range from full upper-body mobility to limited hand/trunk control. Tables may need to be lowered or additional space created for access.
- (c) Organisers are encouraged to:
  - (i) Communicate with players before events to confirm needs
  - (ii) Allow space and flexibility in scheduling for accommodation
  - (iii) Avoid over-formal classification unless required for competitive ranking
  - (iv) Questions? Reach out to the Department of Inclusivity and Participation.
